Smith & Wesson makes product available for editorial and evaluation purposes. I want to help you do your job by providing the Smith & Wesson products you need to keep your readers up-to-date. To better facilitate product ordering, delivery and returns several changes have been made in the loan account program. These procedures will help assure delivery of product and accurate loan account records.

A form for ordering Smith & Wesson handguns for editorial test and evaluation is part of this package. To ensure the quick and correct delivery of the requested product, please complete the form, save it to your computer and mail or fax it to me at Blue Heron Communications I will see that these orders are placed promptly.

Each handgun will be loaned with a 120 day loan account window (see page 2, Loan Program Order Form). We prefer to ship all guns using Federal Express shipping services and we recognize that the cost of returning handguns to Smith & Wesson can be a concern. To help simplify the process, and save you some money, we will cover the cost of shipping the gun back to the factory if you request a return authorization shipping number from us within 120 day of receipt. If you return the product after the 120 days it will be your responsibility to pay shipping costs or you may purchase the firearm. Please contact me when you're ready to return the handgun.

Sincerely,
